This Data Processing Addendum (DPA) and its applicable DPA Exhibits apply to the Processing of Personal Data by AI SOLUTIONS on behalf of Client (Client Personal Data) subject to the General Data Protection Regulation 2016/679 (GDPR) or any other data protection laws identified at <http://gdpr.aisolutions.bg> (together 'Data Protection Laws') in order to provide services (Services) pursuant to the Agreement between Client and AI SOLUTIONS. DPA Exhibits for each Service will be provided in the applicable Transaction Document (TD). This DPA is incorporated into the Agreement. Capitalised terms used and not defined herein have the meanings given them in the applicable Data Protection Laws. In the event of conflict, the DPA Exhibit prevails over the DPA which prevails over the rest of the Agreement.

1. Processing

1.1 Client is: (a) a Controller of Client Personal Data; or (b) acting as Processor on behalf of other Controllers and has been instructed by and obtained the authorization of the relevant Controller(s) to agree to the Processing of Client Personal Data by AI SOLUTIONS as Client's subprocessor as set out in this DPA. Client appoints AI SOLUTIONS as Processor to Process Client Personal Data. If there are other Controllers, Client will identify and inform AI SOLUTIONS of any such other Controllers prior to providing their Personal Data, in accordance with the DPA Exhibit.

The duration of the Processing corresponds to the duration of the Service, unless otherwise stated in the DPA Exhibit. The purpose and subject matter of the Processing is the provision of the Service as described in the Agreement.

1.3 AI SOLUTIONS will Process Client Personal Data according to Client's documented instructions. The scope of Client's instructions for the Processing of Client Personal Data is defined by the Agreement, and, if applicable, Client's and its authorised users' use and configuration of the features of the Service. Client may provide further legally required instructions regarding the Processing of Client Personal Data (Additional Instructions) as described in Section 10.2. If AI SOLUTIONS notifies Client that an Additional Instruction is not feasible, the parties shall work together to find an alternative. If AI SOLUTIONS notifies the Client that neither the Additional Instruction nor an alternative is feasible, Client may terminate the affected Service, in accordance with any applicable terms of the Agreement. If AI SOLUTIONS believes an instruction violates the Data Protection Laws, AI SOLUTIONS will immediately inform Client, and may suspend the performance of such instruction until Client has modified or confirmed its lawfulness in documented form.

1.4 Client shall serve as a single point of contact for AI SOLUTIONS. As other Controllers may have certain direct rights against AI SOLUTIONS, Client undertakes to exercise all such rights on their behalf and to obtain all necessary permissions from the other Controllers. AI SOLUTIONS shall be discharged of its obligation to inform or notify another Controller when AI SOLUTIONS has provided such information or notice to Client. Similarly, AI SOLUTIONS will serve as a single point of contact for Client with respect to its obligations as a Processor under this DPA.

1.5 AI SOLUTIONS will comply with all Data Protection Laws in respect of the Services applicable to AI SOLUTIONS as Processor. AI SOLUTIONS is not responsible for determining the requirements of laws or regulations applicable to Client's business, or that a Service meets the requirements of any such applicable laws or regulations. As between the parties, Client is responsible for the lawfulness of the Processing of the Client Personal Data. Client will not use the Services in a manner that would violate applicable Data Protection Laws.

2. Technical and organisational measures

2.1 Client and AI SOLUTIONS agree that AI SOLUTIONS will implement and maintain the technical and organisational measures set forth in the applicable DPA Exhibit (TOMs) which ensure a level of security appropriate to the risk for AI SOLUTIONS's scope of responsibility. Client shall be responsible to handle such requests of Data Subjects. AI SOLUTIONS will reasonably assist Client in handling such Data Subject requests in accordance with Section 10.2.

3.2 If a Data Subject brings a claim directly against AI SOLUTIONS for a violation of their Data Subject rights, Client will reimburse AI SOLUTIONS for any cost, charge, damages, expenses or loss arising from such a claim, to the extent that AI SOLUTIONS has notified Client about the claim and given Client the opportunity to

cooperate with AI SOLUTIONS in the defence and settlement of the claim. Subject to the terms of the Agreement, Client may claim from AI SOLUTIONS damages resulting from Data Subject claims for a violation of their Data Subject rights caused by AI SOLUTIONS's breach of its obligations under this DPA and the respective DPA Exhibit.

4. Third Party Requests and Confidentiality

4.1 AI SOLUTIONS will not disclose Client Personal Data to any third party, unless authorised by the Client or required by law. d. To the extent it is not possible to otherwise satisfy an audit right mandated by applicable law or expressly agreed by the Parties, only legally mandated entities (such as a governmental regulatory agency having oversight of Client's operations), the Client or its mandated auditor may conduct an onsite visit of the AI SOLUTIONS facilities used to provide the Service, during normal business hours and only in a manner that causes minimal disruption to AI SOLUTIONS's business, subject to coordinating the timing of such visit and in accordance with any audit procedures in order to reduce any risk to AI SOLUTIONS's other customers. a. If AI SOLUTIONS is located in a country considered adequate, AI SOLUTIONS will enter into the EU Standard Contractual Clauses (EU SCC), MODULE 3: Transfers processor to processor, with each Subprocessor located in a Non-Adequate Country as listed in the respective DPA Exhibit.

b. If Client, AI SOLUTIONS, or both are located in a Non-Adequate Country, Client and AI SOLUTIONS are entering into EU SCC as set out in the applicable DPA Exhibit.

c. If the EU SCC are not required between the parties because both are located in a country considered adequate by the Data Protection Laws, but during the Service the country where AI SOLUTIONS or Client is located becomes a Non-Adequate Country, the EU SCC will apply.

Any other auditor mandated by the Client shall not be a direct competitor of AI SOLUTIONS with regard to the Services and shall be bound to an obligation of confidentiality.

5.2 Each party will bear its own costs in respect of paragraphs a. and b. of Section 5.1, otherwise Section 10.2 applies accordingly.

6. Return or Deletion of Client Personal Data

7. Subprocessors

7.1 Client authorises the engagement of other Processors to Process Client Personal Data (Subprocessors). A list of the current Subprocessors is set out in the respective DPA Exhibit. AI SOLUTIONS will notify Client in advance of any addition or replacement of the Subprocessors as set out in the respective DPA Exhibit. Within 30 days after AI SOLUTIONS's notification of the intended change, Client can object to the addition of a Subprocessor on the basis that such addition would cause Client to violate applicable legal requirements. Client's objection shall be in writing and include Client's specific reasons for its objection and options to mitigate, if any. If Client does not object within such period, the respective Subprocessor may be commissioned to Process Client Personal Data. AI SOLUTIONS shall impose substantially similar but no less protective data protection obligations as set out in this DPA on any approved Subprocessor prior to the Subprocessor initiating any Processing of Client Personal Data.

7.2 If Client legitimately objects to the addition of a Subprocessor and AI SOLUTIONS cannot reasonably accommodate Client's objection, AI SOLUTIONS will notify Client. Client may terminate the affected Services as

set out in the Agreement, otherwise the parties shall cooperate to find a feasible solution in accordance with the dispute resolution process.

8. Transborder Data Processing

8.1 In the case of a transfer of Client Personal Data to a country not providing an adequate level of protection pursuant to the Data Protection Laws (Non-Adequate Country), the parties shall cooperate to ensure compliance with the applicable Data Protection Laws as set out in the following Sections. If Client believes the measures set out below are not sufficient to satisfy the legal requirements, Client shall notify AI SOLUTIONS, and the parties shall work together to find an alternative.

The parties acknowledge that the applicable module of the EU SCC under b. or c. above will be determined by their role as Controller and/or Processor under the circumstances of each case and are responsible for determining the correct role undertaken in order to fulfil the appropriate obligations under the applicable module.

8.3 Client agrees that the EU SCC under b. or c. above, including any claims arising from them, are subject to the terms set forth in the Agreement, including the limitations of liability. In case of conflict, the EU SCC under b. or c. above shall prevail.

8.4 The parties agree that any data importer signing EU SCC, MODULE 2: Transfers controller to processor or MODULE 3: Transfers processor to processor, under this Article 8, that engages with further subprocessors will need to adhere to Clause 9 (b) of the EU SCC.
